

Pupil Premium Grant Impact Report 2022/23

Funding is made available to schools to help them narrow the attainment gap that still exists between pupils from disadvantaged and more affluent backgrounds (pupils from families who have claimed free school meals are referred to as 'disadvantaged').

At Werrington, we have identified the following 'barriers to learning' for many of our Pupil Premium pupils:

- Lack of cultural capital/ expectations/ self-belief - narrow experience of life outside school;
- Emotional barriers to learning;
- low aspirations and/or low self-expectations from pupils and parents
- Language poor environments;
- Attendance and punctuality issues;
- poor literacy/numeracy levels - less support at home (with schoolwork)
- Broken family structures – family stress and low resilience
- Socio-economic disadvantage i.e. poverty
- Safeguarding and welfare issues which may lead to Social Services involvement
